Be a Disciplemaker

Welcome to an exclusive group- the Disciplemaker Club. Jesus says the harvest is plentiful, but the laborers (disciplemakers) are few (Matthew 9:35-38). The reason they are few is that this is hard work. It would be a lot easier to just focus on your own faith, your own family, and your own interests. But Jesus has called us to be involved in the Great Commission (Matthew 28:18-20). He says- Go Make Disciples. Someone who does that is called a Disciplemaker. Disciplemakers have embarked on the most rewarding and difficult journey of their lives.

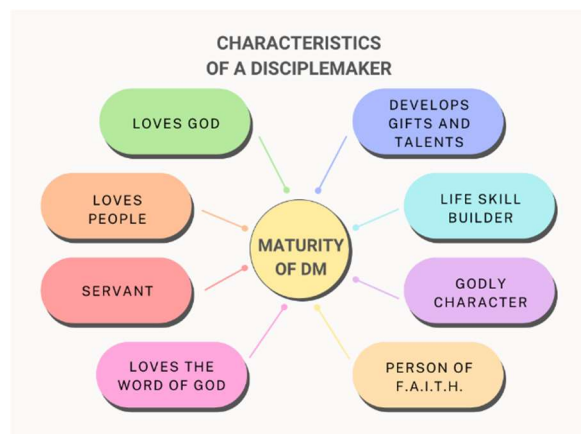

The process of discipling can be divided into 3 distinct seasons: evangelism, establishing, and equipping. The outcome of evangelism is new believers. The outcome of establishing is maturing disciples. The outcome of equipping is disciplemakers.

This study is focused on equipping you in some key characteristics of a disciplemaker- namely the **maturity of a disciplemaker** and the **ministry of a disciplemaker**. Said another way, we want to focus on helping you develop the traits to **be a disciplemaker**.

What is a Disciplemaker?

Sometimes it is helpful to know what your destination looks like. We have included a couple of graphics that capture some of the key characteristics of this mythical being we call the disciplemaker. We have purposefully not included much by way of definitions for your discussion. One chart is related to the maturity of the disciplemaker, and the 2nd chart is related to his/her ministry.

Each week we will discuss a characteristic of your **maturity** as a disciplemaker and an aspect of your **ministry** as a disciplemaker. We also want to discuss Robert Coleman's classic discipleship work entitled ***The Master Plan of Evangelism (MPE)***.
